PROFESSIONAL SUMMARY

Senior Software Engineer with 9+ years of experience designing and building scalable enterprise web applications using React, TypeScript, JavaScript, and modern frontend architectures. Proven track record delivering high-performance solutions for global organizations including Adobe, EY, and Red Sea Global. Passionate about performance optimization, accessibility, reusable component libraries, and modern AI-powered application development.

SKILLS

- **Frontend:** React JS, NextJS, Redux Toolkit, JavaScript / Typescript (Modern), HTML, CSS, jQuery, Responsive Web Design, Accessibility (WCAG, Keyboard Navigation), Performance Optimization
- **Backend:** Node.js, PHP, Laravel, REST APIs
- **UI Libraries & Styling:** Ant Design, Material UI, Less / Sass, Bootstrap
- **Tools & Databases:** Git, MySQL, PostgreSQL

EXPERIENCE

Globant India Pvt. Ltd. - Senior Software Developer
Ahmedabad, India | Nov 2021 - Jul 2026
Role: Web UI Developer

- **Adobe Experience Manager (Adobe)** – Developed and enhanced enterprise web applications using **React.js, TypeScript, Redux Toolkit, HTML, CSS, and REST APIs using NodeJs and PgSQL**. Built reusable UI components, integrated frontend applications with AEM services, and optimized performance for enterprise-scale digital experiences.
- **Logistic Control Tower** – Developed enterprise logistics management features using **React.js, TypeScript, Redux Toolkit, and Looker Studio**, building scalable dashboards and improving operational visibility.
- **Nexus Campaign Dashboard (EY)** – Built interactive analytics dashboards using **React.js, TypeScript, Redux Toolkit, Recharts**, **and REST APIs using NodeJs and PgSQL** enabling campaign performance tracking and data visualization.
- **MoneyLion Fulfillment Center (EY)** – Developed and maintained fulfillment management applications using **React.js, TypeScript, and Redux Toolkit**, focusing on performance, scalability, and maintainability.
- **Red Sea Global** – Developed scalable enterprise digital platform features using **React.js, TypeScript, Redux Toolkit, AEM Service layer using NodeJS** building reusable UI components and optimizing application performance for a large-scale digital ecosystem.

- Developed and maintained large-scale enterprise web applications using React and TypeScript for global clients, improving application performance by 20% through efficient component architecture.
- Architected and optimized UI state management solutions using Redux Toolkit across major enterprise projects, reducing state-related bugs by 15% and significantly improving data consistency.
- Implemented accessibility best practices (WCAG, Keyboard Navigation) to ensure inclusive and compliant user interfaces.
- Collaborated closely with designers, backend engineers, and product teams to deliver stable, high-quality features.

Silicon IT Hub Pvt. Ltd. - Senior Software Developer
Ahmedabad, India | Jul 2020 – Nov 2021
Role: Senior Software Developer

- **Credebt** – Led frontend development for a **B2B lending platform** using **React.js, TypeScript,Redux Toolkit, and REST APIs using NodeJs and PgSQL**, delivering business-critical features for loan origination and management while collaborating closely with stakeholders and backend teams.
- Managed and mentored a small frontend team, ensuring code quality, best practices, and timely delivery.
- Designed and implemented scalable state management solutions using Redux Toolkit.
- Collaborated with backend teams to integrate APIs and ensure smooth end-to-end functionality.

Brainbees Solutions Pvt. Ltd. (FirstCry) - Software Developer
Pune, India | Sep 2019 – Jul 2020
Role: Frontend & Backend Development (Product Platforms)

- **TechStack - ReactJS, NodeJS, MySQL, AWS S3 Bucket services.**
- Developed and maintained internal product platforms supporting logistics and content management workflows.
- Built and enhanced frontend interfaces while integrating backend services to support end-to-end business operations.

TM Systems Pvt. Ltd. - Software Developer
Ahmedabad, India | Dec 2017 – Sep 2019
Role: Web Application Development

- Developed and maintained web application features using PHP-based frameworks and frontend technologies.
- Worked on backend development and PSD-to-HTML conversions to support client-facing web applications.

Bimsym EBusiness Solution - Software Developer
Ahmedabad, India | Jan 2017 – Aug 2017
Role: Web Developer

- Worked on basic web application development using PHP and frontend technologies.

EDUCATION

Bachelor of Engineering in Computer Engineering
Silver Oak College of Engineering and Technology
Ahmedabad, India | Aug 2013 – Jun 2016

Diploma in Computer Engineering
Excel Institute of Diploma Studies
Ahmedabad, India | Aug 2010 – Jun 2013

LANGUAGES: English, Hindi, Gujarati
INTERESTS: Listen to Music, Play Games
